

Western Title & Escrow

Introducing

LiveLOOK is a new document delivery system, and a major upgrade in how we deliver our title reports.

Use it once, and you will wonder how you ever got along without it...

Key features:

Online organized info

Everything you need related to your title insurance transaction is available in a well-organized, easy to access online location.

Linked documents

You can easily access linked documents, supplements, plotted easements, vesting, maps, etc.

Mobile report

Your new title report is web-based (in addition to the traditional pdf), and accessible on any device, at any time.

Summary page

A new Summary Page lists any red flag warnings that may impede your closing.
